

The Case for RTA REGIONAL LEADERSHIP TEAM INVESTMENT

The Challenge for Business in Our Growing Market

The Triangle continues to experience incredible growth in population, job creation, metropolitan area size, and competition for talent. Effective transportation can and must link our expanding region – connecting people to jobs, housing, and opportunity.

Unfortunately, vital transportation projects invariably cost more and take far longer than we expect, with potential implications for talent attraction and quality of life.

RTA: The Regional Business Community's Response – Our Focused, Dedicated Voice

The Regional Transportation Alliance (RTA) business coalition has an unmatched 20+ year record of successfully championing the most critical mobility priorities for our growing region's success.

RTA leverages the strength and tenacity of the organized regional business community – working in concert with key partners – to ensure that vital projects happen, and accelerate, amidst an uncertain policy, prioritization, and funding environment.
