

YOU CAN INFLUENCE THE FUTURE OF TRANSPORTATION IN THE TRIANGLE!

The Research Triangle region is anticipated to continue experiencing **unprecedented growth** for many years to come. We will need plans in place to ensure we have a resilient transportation network that serves the needs of the **entire community** from our residents to employers, visitors, and others. The region's transportation planning agencies are working to update the **plan that will guide the next 30 years of investments in roads, transit services, bicycle and pedestrian facilities, and more.** What should be emphasized in the updated plan?
